AM300 Asset Masters and Asset Reporting

Description
This instructor-led course covers how to create asset shells, how and when asset shells are introduced into the procurement process, and how asset shells are involved in the procurement process. This course covers how to change, display, block, and delete asset shells. This course also demonstrates the steps involved in executing asset reports. This course covers how to execute and interpret SAP standard fixed asset reports.

Target Audience
Users with the following roles: Asset Accountant, Asset Custodian, Asset Manager.

Prerequisites
None. However, we recommend that you complete the ECC100V SCEIS Enterprise Central Component (ECC) Basic Navigation online course.
